DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after a Notice of Allowance. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, and the Applicant's submission filed on 14 November 2005 has been entered.

Information Disclosure Statement

2. The information disclosure statement (IDS) submitted on 14 November 2005 was filed after the mailing date of the Notice of Allowance on 10 August 2005. The submission is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

Allowable Subject Matter

3. Claims 1-33 are allowed over the Prior Art of record.

4. Statements as to the reasons for allowance appear in a Prior Office Action. The closest reasonable Prior Art reference to the instant invention is a MS Thesis by Robert G. Maki (1991) which discloses the application of statistical methods/theory to lumber (wood) drying and the final moisture content thereof. However, these methods fail to teach the specific limitations within the independent claims.

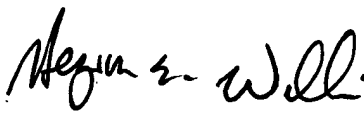

Art Unit: 2856
